

# CC ARCHITECTURAL

## LEATHER DESK MATS

Leather-covered desk and boardroom mats from CCLI are beautifully hand-crafted using top quality Italian leather over a steel core. The steel ensures that the mats lie flat and are extremely durable. Use to protect boardroom tables and executive desks and credenzas from damage, while at the same time complementing the matching leather chairs. Mats and coasters may be embossed with corporate logos or tooled with a border (see CCLI Tooling Patterns) in gold, silver, blind or custom colors.

CCLI stocks standard size desk and boardroom mats, in six colors of leather for immediate delivery.

- Desk Mat 24" x 36" • 4" round Coaster
- Boardroom Mat 14" x 20" • 4" square Coaster

Stocked in Tuscany leather: 7702 Sand, 7711 Port Wine, 7714 Cobalt Blue, 7715 Cypress Green, 7724 Rich Rust and 7716 Black.

**Any size, any shape, any leather....** Cover an entire reception desk or a uniquely shaped top. Whatever your requirement, we can make a mat to fit. Mats and coasters are available in custom sizes and shapes and may be covered in virtually any leather.

## LEATHER ACCESSORIES

High quality leather business accessories from CCLI are available in the above six colors of leather, all provided with a gift box. Items may be personalized with a corporate logo or individual name. Perfect for corporate gift-giving. See Price List for details.
